

"On the Road with Bob"

Week of March 9-15, 2008

One of the greatest rewards of my campaign is being able to visit with North Dakotans about issues important to them. This week I had the opportunity to spend time with fellow Republicans in Tuttle at the District 14 Lincoln Day event, the Bismarck/Mandan Republican Women's Meeting as they unveiled their new cookbook (delicious recipes!!), and finally to Cooperstown and District 23 for a wonderful open house at the Oscar Zero Missile Alert Facility.

The awe I felt during my visit to Oscar Zero, which will soon be renamed in honor of President Ronald Reagan, reminded me of the greatness of President Reagan and the many reasons why I'm proud to call myself a Reagan Republican. As your Public Service Commissioner, I will put these values to work expanding production and distribution of our natural resources without unnecessary government involvement—because I know working to find common-sense solutions is better than taxing and regulating in the name of Big Government.

Bob with Reps. Wes Belter and Don Vigessa, at Oscar Zero near Cooperstown.

Throughout my 15 years of public service in the state Senate, I have worked hard to limit the size and power of government. That is because it should not be the government but entrepreneurs, businesses, and industry that provide services to our citizens and their families. It is entrepreneurs, businesses, and industry that grow our economy—not Big Government. My proven record as Senate Majority Leader demonstrates what I will bring to the office of Public Service Commissioner—**tried and true, conservative Republican leadership.**

I greatly appreciate your support and your vote for my endorsement in Fargo! Together, we can make sure we keep North Dakota moving in the right direction. Together, we can make sure conservative, Republican values guide the mission of the Public Service Commission, and Together, **We Can Win!**

Until next week, I will see you in your district...or on the trail!
