

## We Can Win!!!

As Republicans consider choosing a candidate for Public Service Commissioner, it is important our party nominate and **endorse a candidate that is a tested, experienced, and can win in November** on the issues that will define this important state election. For Republicans to keep the open seat on the Public Service Commission, **I am asking for your support and your vote for my endorsement at the state convention in Fargo March 28-30, 2008.**

I am campaign tested, having won four state senate campaigns and been elected by my peers in the state Senate to lead the Republican majority. I will bring strong name I.D. to a statewide Republican Ticket. In November, **WE CAN WIN!**

My fifteen years in the state Senate and hands-on experience as a consumer advocate and working with businesses and industry on issues relating to the Public Service Commission demonstrates what I will bring to this office.

### *My Pledge*

As Public Service Commissioner, I promise to continue to advocate for all citizens of North Dakota and work hard to ensure reliable electric, natural gas, telecommunications and transportation and rail services at reasonable rates.

I promise to continue to move North Dakota in the right direction and to promote and develop our coal, oil, ethanol, biodiesel, wind and alternative energy resources in a responsible manner working with industry to find common sense solutions

With your support and vote at the state convention for my endorsement, together,  
**We Can Win!**
